WORKING EXPERIENCE

Post: Programme Policy Officer- (September 2019 to November 2020).

Employer: United Nation-World Food Programme-Ethiopia under African Union.

Purpose of the role;

I am responsible for providing technical assistance to head of sub office and the regional Bureau of Education (BoE) on School Feeding Programme (SFP), School Health and Nutrition (SHN), and general Education in Emergency (EiE) intervention in the Oromia region, Ethiopia. My successful efforts result in the programme activities being implemented; enhance ownership and commitment by the regional counterparts and beneficiaries, and reinforcement of the communication channel between the grassroots level actors and the sub and country office (CO).

Post: School Feeding Programme Manager (April 2015 to August 2019)

Employer: Mary's Meals Malawi

Purpose of the role

I was responsible for the day-to-day implementation of Mary's Meals School Feeding Programme in the 5 central region districts. This post undertake supervision of field based School Feeding Officers (SFO); Coordinate delivery of programme goods; Collect, analyze and forward programme information to the Head Office; Organize and implement trainings for staff, school personnel and volunteers; Provide a conduit for information flow from the field to the head office; Resolve programme related issues and liaise with appropriate traditional gate keepers on community mobilization and participation in SFP activities and developing contingency plans for humanitarian response to emergencies.

Post: Monitoring and Evaluation Officer (November 2013- to March 2015)

Employer: Mary's Meals Malawi

Purpose of the role

I was tasked with the management of two departments: Early Childhood Development and School Feeding Programme when I first joined Mary's Meals as Monitoring & Evaluation Coordinator. I was responsible to established monitoring and evaluation system and its strategy for two departments as the county team were going through a period of change and I offered my expertise in extensive Organizational Change Management. This was vital for an organization to have a robust M&E system which is running smoothly for result-based evidence.

Post: Adjunct Lecturer

Employer: UNICAF University in Malawi (November 2017 to August 2019)

Purpose of the role

My main role was teaching the following modules; College Algebra; Statistical Methods; Testing, Measurement and Evaluation; and Research Methods. I was also a research assistant in to the head of the faculty as well as a research supervisor to the undergraduate students.

Post: Secondary School Teacher (June 2010 to October 2013)

Duties: Teaching Mathematics and Geography and other duties as assigned from time to time.
